

INVITATION

It is our pleasure to host the TRACON Project Conference in promoting consumer education. We cordially invite you to participate in this Conference to be held at Harokopio University in Athens on 21st of October 2013. TRACON (www.tracon-project.eu) is a transnational project involving five countries in Europe. It aims to train teachers to provide their pupils with the necessary knowledge and skills to become rational consumers in modern societies. The Conference, therefore, focuses on the theme of “Consumer Education in Teacher Training: Contemporary approaches”. We will be able to discuss and exchange ideas in relation to the Conference theme. Moreover, we will have the opportunity to become acquainted with TRACON’s educational resources and school activities.

We extend a warm welcome to you and look forward to meeting you in TRACON Conference.

Prof. Antonia Matalas
